The lift must be allowed to students also . The projector and cables doesn't work sometimes. some classes doesn't have long board so teachers have problems to while using board .

During the recess the gate should be open

We do not have proper class for any sports. The basketball court is used as a parking lot . Proper sitting arrangements should be made for us to sit in the canteen. Boys should also have locker facilities.

College is too good

The washroom is not build properly although they do their very best to keep the washroom clean but because of construction fault it smells very bad..... So please improve and reconstruct the

Gates should be opened during recess time.

Canteen stuffs are very costly it should be available at reasonable prices.

Principal office is always crowded .there should be after college time given to teachers to meet the principal because they consume to much time in office and we students have to wait n miss our lectures

The infrastructure of the college itself seems to be too low.

The garden look incomplete must need to improve !!!

First is the canteen facility which has be improved and should be provided at reasonable prices . Good drinking facility should be available , the one in canteen tastes funny.

Canteen rates are expensive

Try to make more comfortable in classrooms try to do a routine checks for fan light & projectors. Try to keeps indoor sports more clean.

Needs little bit improvement in classroom's sitting and ventilation. Need better canteen because food quality is not good and price is very high. Otherwise all is good.□

Need to improve internet service because the children doesnt get benefit of using because it had limited internet and gets over quickly

Most of the benches are broken,

Fan is slow,

No parking place,

Projector screen is broken,

...

College should have a proper time table..... Because on Friday and Saturdays we have 2 hours gap..... And then lecture..... This wastes our lot of time..... Sir now almost sem is over but next time.... Please see that we have proper time table with no lectures gap or in time

The food in the canteen is expensive, most of the Hindu students dont like going to the college canteen as they prepare food that they can't eat in the same place.

During recess the gates should be opened for students to go out to have meal as the food which we get in the college canteen is more costly.

Canteen food is expensive and most of the Hindu students don't like to visit the canteen because of food mostly prepared which they don't eat.

We want mirror in boys washroom

We should be allowed to go out during recess, as the food of our college canteen is not as per our expectations, as well as high of cost, which in turns leads to lower customer satisfaction.

Overall the college is functioning is good, it made lots of improvements, we have very good canteen facilities, I only ask the office staff and the staff in the library to be frankly in nature as it will also help students to consult with them freely.

all counsellors hv 2tk properly n thn college vil move in smooth manner

Sports room is not mantained well,  
Parking place should be shaded,

The entrance to the parking area is not proper.  
It should be levelled.

Most of the students which get their vehicles are not able to go out during recess as the gates are locked. But those gates are opened as soon as the recess is over and the students who want to bunk the lecture can go out as usual. After the break ends. So please open the gates during the break and then lock them up after the recess gets over

Please take note of the same

There should proper high speed wifi facility

There should be improvement in the canteen. As the taste of the food is not good and plus on the top the size of food items is small and it is expensive too. And there should be photocopy machine in the library itself because the Xerox machine which is outside the library they are either busy with their own work or it is closed

We should be allowed to go out during recess as the college canteen food is not good and also available at high cost.

No suggestions

Good hygeine in the canteen

The main motive of the college canteen should be to satisfy the students by giving healthy food. should be allowed to go out during recess, as the food of our college canteen is not as per our expectations, as well as high of cost, which in turns leads to lower customer satisfaction. The watchman misbehaves with the students. Father Fedrick teaches us to save water whereas I have seen in my college, that the car of one of our college faculty being washed very irresponsibly. The letch of the girls washroom is not proper.

Il miss this college
